

PRESS RELEASE

LAKE MOHAVE RANCHOS FIRE DISTRICT

ARSON - STRUCTURE FIRE

Lake Mohave Ranchos Fire was dispatched to a possible structure fire on November 1, 2017 at approximately 8:00 p.m. Upon arrival, it was then reported by crews there was an active structure fire that was approximately 25%-35% involved. The property had a locked gate, causing a brief delay for crews. The crews were able to keep the fire to its main point of origin. The homeowner(s) weren't home at the time of the incident. No injuries were reported for crew members. The structure suffered significant damage (fire, heat and smoke), but fortunately was not a total loss. Upon investigation by the crews, it was suspected the cause was arson and an official investigation was launched. Investigators arrived and determined the cause of the fire to be classified as arson.

Anyone with information is urged to please come forward with any information relating to this incident.
